

Share of Total Number of Firms by Race/Ethnicity

YEAR: 2002; RACE/ETHNICITY: HISPANIC, BLACK, ASIAN AND NATIVE HAWAIIAN OR PACIFIC ISLANDER;
REGION: LARGEST 4 MSAS

Definition: Share of business firms by race/ethnicity of firm owners

Notes: Business ownership is defined as having 51% or more of the stock or equity in the business. Businesses could be tabulated in more than 1 racial group. This can result because: a. the sole proprietor reported more than one race; b. the majority owner reported more than one race; c. a majority combination of owners reported more than one race.

Racial/ethnic groups may not add to the total because a Hispanic or Latino firm may be of any race, and because a firm could be tabulated in more than one racial group.
